EYELASH EXTENSIONS CLASS RUN BY CORE COMMUNITY SERVICE

ORIENTATION DAY 5TH FEB 2020

We are so proud to work together with Core Community Service to provide one of our most popular courses that will start on Monday 10th February 2020. In this Orientation day, students have opportunities to find out more about courses, services and support available to assist them in ACBNT.

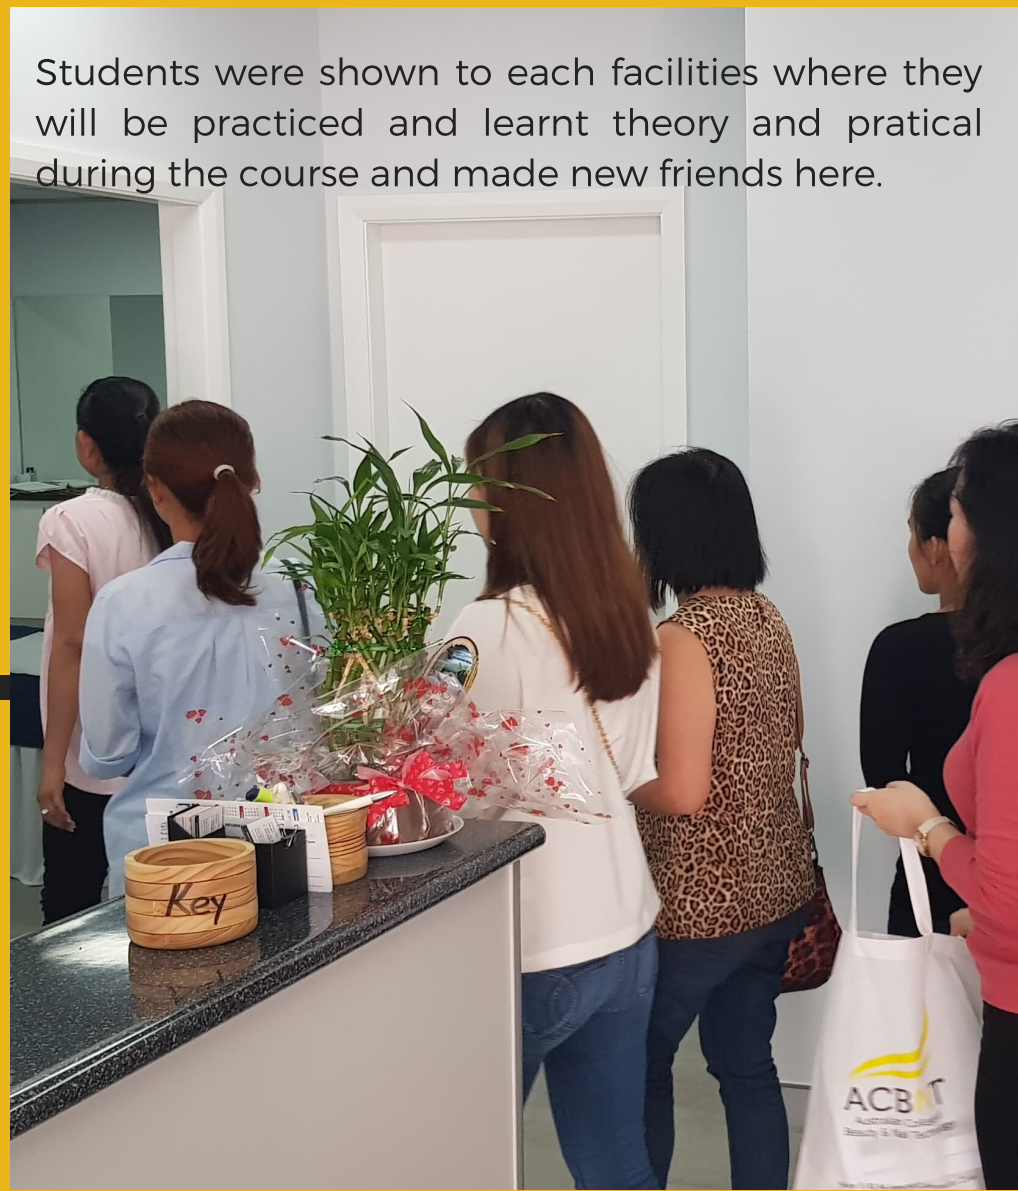

Miss Monica gave a lecture of theory class for new students. Class is fun and two way learning to help students have more chance to ask questions to fully understand the materials.
