

# Make 2024 the year to unleash your potential!

## Advanced Diploma of Intense Pulsed Light and Laser for Hair Reduction SHB60118

### Start Your Future With Us Today!

Take advantage of this qualification and gain all the skills and knowledge that are required to safely design and apply non-ionizing radiation treatments with the use of intense pulsed light and laser machines for hair reduction.

By performing this treatment, you will be required to thoroughly consult with your client and be able to make specialised and complex judgements, analyse their skin and hair growth patterns, design, apply and evaluate a treatment plan, use appropriate and correct technology and techniques to safely perform and deliver an effective and compliant outcome.

#### ACCREDITED COURSES

On successful completion of the course, participants will receive nationally recognised training.
